GOASCNA:

Last month we asked the GSRs to discuss the areas archives with their home groups and we hope to leave ASC today with some direction. In the meantime, I did some research to find that we have complete area minutes electronically from 2006 to the present. There are also a majority of the minutes back to 2003. Once we have completed a thorough inventory of the archived material, we may need to ask the area fellowship to assist us in filling any gaps.

We are also asking for some direction as to the location of our ASC meeting. If the area feels it is necessary to search for other locations, an adhoc committee will be formed for this task. With the possibility obtaining a nonprofit status either on our own or through our region, this may open up locations that were not previously feasible due to cost. More will be revealed.

We are extremely excited that Orlando was selected as one of the five sites throughout the country to host the NA World Services Service system Workshop. This is an enormous opportunity for the Greater Orlando area to participate and provide input into the direction of our service structure and our fellowship. Let's show our support by showing up ready to participate. Don't miss this opportunity to make a difference.

We would like to suggest that each one of us take a look in our own home groups and look for that person that would benefit from area service and the rewards of giving back to the fellowship. New members and old timers alike. We need to find those missing trusted servants to fill our open positions. We are losing valuable training and mentoring opportunities each month that these positions remain vacant. We need you!

Thank you for your service and continued commitment to the Greater Orlando Area.

In loving service,

Steve C
