General Report

There were 7 members present at this meeting. The vice chair of ASC was present . She gave us great input on some of our questions involving issues as to whether we were in violation of our traditions. We were glad to see that effects to make the helpline more attractive to volunteers are beginning to payoff. There were 2 NEW volunteers present who had met the requirements to be helpline phone carriers. Greg and I gave them their orientation. It was truly a joy!!!!!!

The up dated carrier handbooks are very close to be completed.
