General Report

We updated some broken links on our website. We are still in the process of updating some other ones found to be not working.

We paid for our website domain renewal to Froghost for \$58.38

One of the recent changes we have implemented is the "cleaning up" of the birthday list on our website. We had noticed there were quite a few members listed on the birthday calendar that had incorrect information. Jack has set up a renewal system that allows the member to renew their birthday on their anniversary. In an email sent to the member, a link is provided that will keep the birthday on our calendar. If no one replies, then the birthday is removed. We have had good success with some members re-subscribing to the calendar. As a subcommittee, we felt that this was the best way to remove the incorrect entries while still providing an opportunity for the members to stay on the list and update their information (if needed).

We have added the CAR report to our website.
