General Report

Group discussed the purpose of the Ad-hoc. We created a brainstorm list of questions we would like answered. We are working to carefully word the questions as to not unintentionally sway the person answering the questioner. The group is working on creating an online survey in order to encourage as much participation as possible. We do not yet have a date for the next meeting, we wanted to be able to review the information we have collected so far. I will post the information about future dates on the googlegroups email forum at least a week in advance to allow for planning.
