Opened the meeting with a moment of silence followed by the Serenity Prayer. The 12 Traditions were read, H&I purpose and clarity statement were read.

## **General Report**

We are taking presentations in 6 correctional facilities and working on clearances for people to bring more meetings into facilities that require them. A member was generous enough to take personal time and create CD's with H&I guidelines and presentation formats for new and current panel leaders. We discussed the need for H&I to be brought into two facilities and whether or not we are a viable resource to them, and we will be discussing again at our next subcommittee meeting after we have contacted them.

## **Elections**

## **Concerns or Needs**

More people to fill out more clearance facility forms so that we can better serve those that have a clearance requirement.
