## **General Report**

The questions are completed, and in an order and wording as to not elicit misrepresented answers. An Ad-hoc member had brought it to my attention that we do not have a budget item for printing out flyers. That means that the groups would have to approve a cost.

We have found an online survey option [that so far looks to be free of charge] - the only issue with the online survey is that we will not be able to get written explanations. We could put an email address in there for people to email their issues, concerns, however that would take away from the anonymous survey part. Need some guidance from the groups before I move forward.
