

The Group Support Unit (GSU) Purpose

"The NA group will always be the single most effective way we as a fellowship carry the message."

The GSU is intended to help groups learn ways to better carry the message within their meetings by separating out the group support function from the business of NA. The GSU gives groups the opportunity to share problems they may be encountering and to seek solutions from one another, while avoiding the distraction of the business based discussion of the local NA community. The GSU will offer an alternative that complements the other more business-oriented service meetings. The GSU will be an opportunity for more established groups to mentor newer groups and to provide a platform for mentoring of trusted servants as well as an exchange of ideas and group experiences.

The GSU is intended to be more like a community or neighborhood gathering, not another level of service
