- B. General Elections
 - 1. Nominations for Area positions are solicited in June. Nominations are to be closed at the July ASC and elections will be held. ASC elections are to remain in conjunction with RSC elections.
 - 2. The position is announced and an explanation of office is read from the Area Service Guidelines to establish requirements for each.
 - 3. The Chairperson reads the Fourth Concept of NA Service:

"Effective leadership is highly valued in Narcotics Anonymous. Leadership qualities should be carefully considered when selecting trusted servants."

4. Nominations are accepted.
5. After accepting nominations the Chairperson will ask the floor if there are any further nominations.
6. Before the actual elections, each nominee should state, in person, their qualifications for serving the Fellowship. They should state their clean time, past service experience, if they have the time and resources to serve in the position, and why they want to serve.
7. Questions for the nominees will be accepted by the Chairperson, if appropriate.
8. Individual votes will not be reflected on the tally sheet, only totals. A simple majority of the current roll call of the ASC is necessary for all ASC positions
9. Officers are to assume duties of the office at the end of business at the July ASC, except when filling a vacant position not a July (yearly) election position.

III. Business Procedures / Consensus Based Decision Making

- A. Participation in Consensus
 1. GSR's are the only members that are counted towards Consensus.
 2. A new group may be added to roll call by declaring its willingness to become a member of ASC. After 2 consecutive ASC attendances, a group will be added to the count towards Consensus.
 3. A group missing its second consecutive ASC will be removed from roll call and will not be counted for Consensus.
- B. Participation in Discussion
 1. All members attending ASC may participate in the discussion and modification of the proposal. However, only GSR's are counted toward Consensus.
 2. All members should be aware of the discussion and not repeat concerns that have already been expressed.
 3. Each member should be allowed to share at least one time during the discussion until all members have been heard, not allowing the discussion to turn into a debate.
 4. It is important to provide each proposal sufficient time for discussion. Even proposals that are to be tabled to groups, need discussion to provide GSRs with as much information as possible to take back to the Home Groups.
 5. Discussion continues until Consensus is reached or it is apparent that the proposal will not gain support
- C. Recognition
 1. To be recognized on the floor, a raise of the hand is necessary
- D. Proposals
 1. Proposals will be allowed by the following:
 - a. GSRs or their alternates in their absence
 - b. Primary RCM or Secondary RCM in Primary's absence
 - c. Vice Chairperson, Secretary, Treasurer, and Literature Distributor, when germane to their position
 - d. Subcommittee Chairperson or Vice Chairperson in their absence, when germane to their position
 2. Each proposal shall be co-authored by another Trusted Servant.
 3. New proposals shall be submitted prior to old business.
 4. Proposals must be submitted in writing to the Parliamentarian for review and prioritization. It should be clearly stated and contain purpose
 - a. Proposals that pertain to policy of the ASC or its Subcommittees will identify the section(s) to be changed, amended, or added
 5. Proposals will be prioritized based upon time sensitivity.
 6. The Treasurer will make recommendations on all money proposals.
- E. A brief overview of Consensus Based Decision Making and the use of the colored cards will be reviewed prior to the start of business.
- F. Test for Consensus/Call for Consensus Procedure

1. The Chairperson will test for Consensus at the presentation of the proposal to find the degree of support and identify concerns. All GSRs and Elected Trusted Servants participate in the test for consensus/straw poll when a proposal is presented on the floor. Only GSRs participate in the call for consensus following discussion and modification of the proposal. See the definition of “test for consensus/straw poll” and “call for consensus” described below.
 2. Each GSR will raise the following color coded cards to show their support/concerns with the proposal.
 - a. **Green – Assent** – “I have heard the discussion and am prepared to support the proposal”. Counts towards consensus.
 - b. **Yellow – Assent with Reservation** – “I think this may be a mistake but I can live with it”. Counts towards consensus.
 - c. **Orange – Stand Aside** – “I personally can’t do this, but I won’t stop others”. Counts against consensus.
 - d. **Red – Block** – “I cannot support this, it is against our principles”.* Counts against consensus.
 3. Consensus is achieved when 80% of the eligible members indicate Assent or Assent with Reservation.
 4. At any time prior to consensus being reached, a GSR can request that the proposal be allowed to go to groups for discussion and support.
- G. Proposal Modification
1. If consensus is not achieved and support is apparent, the proposal can be modified to address the concerns of the decision makers.
 2. If consensus is not achieved, the facilitator shall attempt to determine the concerns preventing consensus. Concerns of the stand aside’s shall be heard to determine if a proposal modification could relieve the concerns and move the proposal toward consensus.
 3. If a proposal is tabled to groups for further discussion and returned to area for consensus, the proposal may still be modified to address the concerns of the groups in order to achieve consensus.
- H. Handling of a Block
1. Given that a proposal can be defeated by a sufficient number of Stand Aside’s, the Block should be extremely rare.
 2. In the event a member feels that a Block is warranted, the member will be given the opportunity to express which Tradition or Concept or Spiritual Principle fundamental to NA is violated by the proposal.
 3. The Facilitator can ask the Parliamentarian for their understanding concerning the justification for the block.
 4. Following the justification for the block, all GSRs and Elected Trusted Servants will determine if the block is valid through the showing of the green (agreement with the Block) or red (disagreement with the block) cards.

* A decision to “Block” must be supported by specific Traditions and/or Concepts

Consensus Based Decision Making

A working definition of Consensus

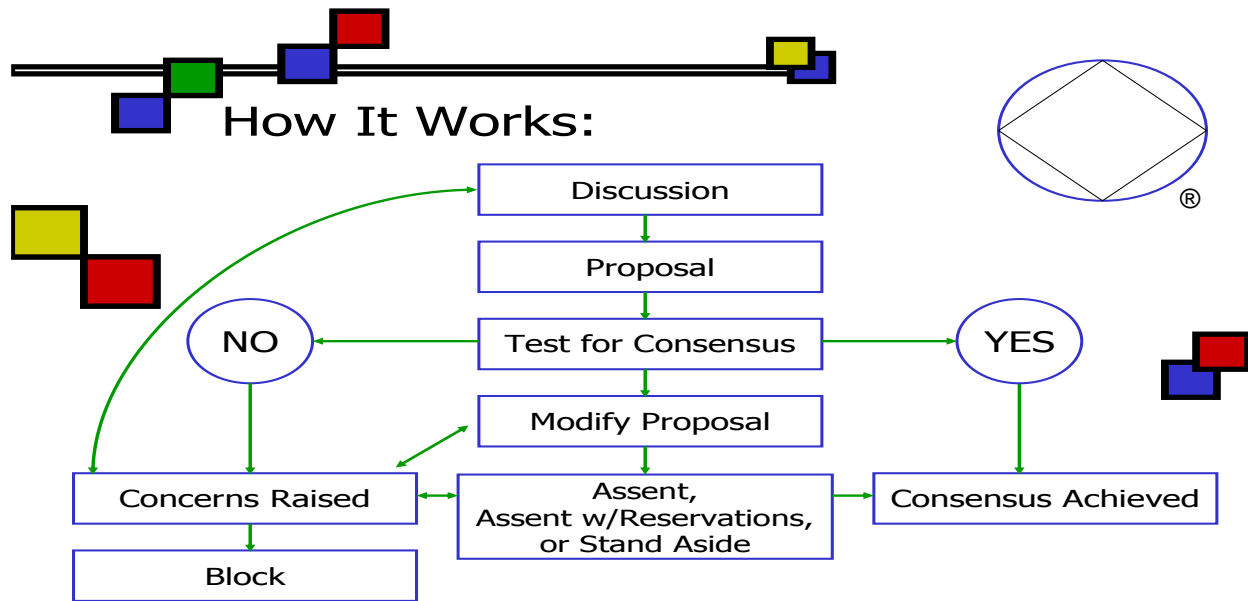

Consensus is a process by which a common mind of the meeting is sought about the wisest way to move forward on a particular issue at the time. It is derived from the Latin words con meaning “with” or “together with” and sentir meaning to “think” or “feel”. So, “*consensus*” means to “*think or feel together.*”

Consensus Based Decision Making is:

1. A cooperative process for making decisions in which everyone consents to the decisions of the group
 - Not everyone’s first preference necessarily, but true consent
 - Decisions should reflect the integrated will of the whole group
 - Preserves the interests and integrity of all participants

- A problem-solving orientation for people who wish to work together
 - Not a process for determining whose ideas are best, but searching together for the best solution for the group
 - A questioning process, not the “okey-doke”
 - The decision is in this room — our job is to find it
 - Have respect and enjoy creative conflict

Below is a diagram of the flow of conversation and decision making:

Discussion of the item: Discussion takes place here as well as in your home groups or over coffee. The item is discussed with the goal of identifying opinions and information on the topic at hand. The general direction of the group and potential proposals for action are often identified during the discussion.

Formation of a proposal: Based on the discussion, a formal decision proposal on the issue is presented to the group. It should be written down and projected so we’re clear on what is being discussed.

Test for consensus/Straw poll: Thumbs up or down – to find degree of support and concerns of those opposed.

Identification and addressing of concerns: If consensus is not achieved, each dissenter presents his or her concerns on the proposal, potentially starting another round of discussion to address or clarify the concern.

Modification of the proposal: The proposal is amended, re-phrased in an attempt to address the concerns of the decision-makers. The process then returns to the call for consensus and the cycle is repeated until a satisfactory decision is made.

Call for consensus: The facilitator of the decision-making body calls for consensus on the proposal. Each member of the group usually must actively state their agreement with the proposal, often by using a hand gesture or raising a colored card, to avoid the group from interpreting silence or inaction as agreement. The decision reached by consensus takes into account the insights of all members. The process ensures that issues are fully aired and that all members feel they have been adequately heard. Decisions are taken not simply because one more than 50% of members are in favor of a proposal, but because all agree to a way forward. Some may feel that it’s not necessarily their first option, but ALL can support it and commit themselves not to undermine the decision.

TRUE CONSENSUS is not the same as unanimity. We must be careful to recognize that real consensus arises out of real community, and often only through real tension as people express their insights with passion and integrity, and yet with respect for really hearing others' points of view.

Ideally,

- Concerns and reservations will be identified and addressed through the consensus based decision-making process.
- When the call for consensus on a proposal is made, you should **ASSENT** if you support the proposal, all things considered.
- Assent does not indicate that you may agree with every aspect of a proposal, but that you...
 - Have heard the discussion
 - Have had a chance to participate in the process of finalizing the proposal
 - Are prepared to support the final proposal

Assent: This means that you support the proposal, all things considered. It may not mean that you are in agreement with every aspect, but that you have heard the discussion, have had a chance to participate in the process of finalizing the proposal, and are prepared to support the final proposal. Assent is signified by raising your Area's table card and remaining silent.

There are three degrees of *dissent*:

- Assent with Reservations – I have some concerns that need to be heard.
- Stand Aside – I have concerns but will not stop the group from moving forward.
- Block – I have a serious issue with the proposal based on traditions or concepts and will not give my consent.

Assent with Reservations: Group members who are willing to let a motion pass but desire to register their concerns with the group may choose "assent with reservations." If there are significant reservations about a motion, the decision-making body may choose to modify or re-word the proposal. This option is not materially different from the assent option but is a way of giving addicts a place to stand when they do not need to object more strongly, but they want to note that they have reservations. Assent with Reservations by raising your hand and, when called on by the facilitator, simply saying "Assent with Reservations." The assumption is that the reservations have been heard already, and you are simply noting that you can support the proposal and continue to have these reservations.

Stand Aside: A "stand aside" may be registered by a group member who has a "serious personal disagreement" with a proposal, but is willing to let the proposal pass. Although stand asides do not halt a proposal, it is often regarded as a strong "nay vote" and the concerns of group members standing aside are usually addressed by modifications to the proposal. Stand asides may also be registered by users who feel they are incapable of adequately understanding or participating in the proposal. Should there be a sizable number of Stand Asides (20% of the groups present); this will indicate a consensus too weak to adopt the proposal. The proposal is then either dropped or delegated to the maker of the proposal or an Ad Hoc Committee for reworking.

Block: Given that a proposal can be defeated by a sufficient number of Stand Asides, the Block should be an extremely rare step taken only when a participant honestly believes that one of the Traditions or Concepts is directly violated by this proposal or that some very fundamental moral position of the participant is violated. An addict who blocks must be able to articulate which Tradition or Concept or Spiritual principle fundamental to NA is violated by the proposal. Unanimity minus 20% gives the ability of GSR's to actively block a decision.
