

May 24, 2020

The COVID-19 pandemic has severely affected our Fellowship within our Region and around the world. However, we want you to know that you are not alone during this time. The Fellowship of Narcotics Anonymous is here to stay.

As we re-enter back into the community with our “In Person” meetings we will continue to follow local CDC guidelines and precautions in our meetings. We are also adhering to the requirements of the facilities which are allowing us to begin meeting in person.

Please be aware due to capacity and distancing requirements of many facilities, our meetings may have to temporarily limit the number of people in the room. If the room has reached full capacity, you may not be allowed to enter.

We are asking for everyone to please understand and respect the limitations we may be experiencing right now – we feel it is very important to open in-person meetings where it is possible with the limitations rather than have no in-person meetings without limitations.

If we all come together in unity and cooperation to minimize and stop the spread of COVID-19 – soon we will be able to resume our in-person meetings without capacity limitations. Adhering to facility and societal restrictions would keep us in line with all our Traditions.

Thank you all for helping us work in cooperation with our communities, be responsible and productive members of society and contribute to the wellbeing of all.

If you are uncomfortable being in a large group at this time, we urge you to continue to attend Virtual NA meetings which continue to be held.
