## **General Report**

The SAD went well

Sheriff project; The presentation to be watched by deputies has been narrated and is ready to go. We watched the presentation.

Pull Tab project: Now that we are done with the SAD we will be moving forward with the project. Two members to create an action plan for the project. It would be nice have a place where members that need to , will be able to access PR files like Pull Tabs control sheet, and other files. Maybe Dropbox or something.

New Business: During the meeting with Englewood Neighborhood Center it was requested that PR provide a lit rac, IP's, meeting lists and pull tabs.

We have an opportunity to have PSA produced by Full Sail. More will be revealed.

Meeting adjourned at 8pm

in love service
